If You suffer an Accidental Injury or Sickness while on the Trip that results in Hospitalization and the attending Physician advises You against driving Your Covered Vehicle home, the Company will pay the charges imposed up to the Maximum Benefit shown on the Confirmation of Coverage to return the unattended vehicle to Your primary residence. ASSISTANCE SERVICES WHEN HOSPITALIZED

The following details on steps you should take if you are hospitalized with a serious or critical condition more than 150 miles away from your home.

If you, a family member or companion has an emergency, please have medical treatment sought at the local hospital immediately. If admitted to the hospital for a serious or critical injury or illness, please call us and you will be connected with our Primary Medical Evacuation Provider and a flight coordinator, available 365 days a year, 24 hours a day. Our Primary Medical Evacuation Provider's flight coordinator and Medical Director will work with you, your family or companion along with the attending Physician(s) and medical facility personnel to determine if you qualify for an evacuation and whether the evacuation is to be carried out via a commercial aircraft or a private, medically equipped aircraft. A Medical Assessment, Medical Records and other information regarding your health condition will be needed prior to a medical evacuation being arranged.

MEDICAL EVACUATION ARRANGEMENTS

Your enrollment in the Plan provides you access to medical evacuation transportation arranged by Travel MedEvac and our Primary Medical Evacuation Provider according to the terms, conditions, and limitations set forth in the certificate of insurance.

All arrangements for transportation or assistance services under your plan must be made through Travel MedEvac and its Primary Medical Evacuation Provider using only highly accredited EURAMI or CAMTS certified air ambulance companies within our extensive network of providers. Any arrangements made by Plan holder for medical evacuation services with an alternate air ambulance company will not be reimbursed for any charges or expenses you incur without our prior, authorized, written and notarized approval.

You agree to promptly notify, or have your representative promptly notify us for medical evacuation transportation if you believe it may be needed, specifying the nature of the injury or illness. Due to the nature of the services, a reasonable period of time is required to properly initiate a medical evacuation transportation, and you recognize that diligence is necessary to properly accommodate a medical emergency. You agree to provide notice at the earliest possible moment so we can secure a comprehensive medical assessment and to allow proper time to prepare the medical evacuation transportation. Failure to contact us for the medical evacuation transportation in a timely manner may result in a denial or delay of services.

To facilitate providing the services, you agree to sign an authorization permitting us and the Primary Medical Evacuation Provider to disclose or discuss your medical information with any physician, hospital, medical attendant, or others regarding your physical condition including but not limited to medical records and diagnostic images and test results. This authorization shall remain valid until such time as you or your authorized representative revokes it in writing.

You hereby authorize us, the Primary Medical Evacuation Provider and their network of air ambulance companies and any medical personnel or medical facility involved in the medical transport process to review your medical records, diagnostic images, and test results. You further authorize the Primary Medical Evacuation Provider's medical personnel to perform procedures and provide treatment as they deem necessary, both prior to and during the course of your medical evacuation transportation. We do not provide or control the provision of medical services to plan holders. Our performance of our obligations under the Travel MedEvac's plan assistance services is ministerial in nature and shall not constitute any undertaking to render medical services, to assume or guarantee the result of medical services provided to plan holders, or to guarantee that the medical services performed by others will be rendered in accordance with generally accepted standards or procedures. The parties understand and agree that the rendering of medical services to a plan holder and the results thereof are solely within the control of the Primary Medical Evacuation Provider's medical personnel. Travel MedEvac is not liable for any malpractice by the Primary Medical Evacuation Provider and their network of air ambulance companies, or other healthcare providers.

GENERAL EXCLUSIONS AND LIMITATIONS ON ASSISTANCE SERVICES

Medical evacuation transportation is subject to limitations on the operation of aircraft imposed by mechanical

issues, weather, regulations and restrictions imposed by the United States Federal Aviation Administration or comparable aviation administration authority of any other jurisdiction in which a medical facility or plan holder may be located, and other conditions beyond the control of Travel MedEvac or the Primary Medical Evacuation Provider. The Primary Medical Evacuation Provider will manage the logistics of all air medical transports, including the possibility of using an alternate medical evacuation transportation provider that is part of the primary provider's extensive worldwide network of accredited air ambulance should the need arise. Medical evacuation transportation from airports in Mexico and other countries typically are restricted or closed to private aircraft, including our Primary Medical Evacuation Provider's aircraft, from dusk until dawn which may delay an aircraft reaching a plan holder until the following day.

Your plan provides medical evacuation transportation only through the use of ground ambulances and aircraft assigned by us. Your plan does not reimburse or otherwise allow for transportation arranged by the plan holder or provided through any other means (e.g., helicopter). Since your plan requires you to arrange any medical transports or services through us, plan holders will not be reimbursed for expenses they incur on their own including but not limited to hospital bills.

Both the sending and receiving medical facility must be reasonably accessible by ground ambulance to transport the plan holder to and from an airfield capable of accommodating medical aircraft transportation assigned by us. Air medical transport from remote areas or islands to a location with an airfield accessible to our primary provider's medical aircraft is not provided. Costs of evacuation from these remote areas to a location where we can provide service are the responsibility of the plan holder.

Due to limited medical and laboratory facilities on cruise ships, if a plan holder becomes ill or injured on a cruise ship, in all cases we will require a plan holder to be admitted to a medical Facility on-shore for a thorough medical assessment before scheduling a Medical evacuation transportation to another medical facility.

U.S. registered aircraft and personnel cannot be sent into countries where the U.S. State Department has issued travel restrictions, or to areas where civil aviation has been suspended or restricted, such as the result of a natural disaster or civil unrest. Your plan is subject to exclusion in these areas, as well as for any medical evacuation transportation that would be in violation of any Federal Aviation Administration rules or regulations or Presidential orders restricting air travel.

The patient and an accompanying passenger(s) are limited to one small carry-on bag each or less due to limited space available on medical aircraft.

ADDITIONAL DISCLAIMER AND LIMITATIONS ON LIABILITY

The plan holder acknowledges that medical evacuation transportation is arranged through our Primary Medical Evacuation Provider and their extensive network of air ambulance companies, although the ground ambulance and aircraft is equipped with personnel and equipment to sustain and preserve the life of a patient while in transit, a plan holder's condition may deteriorate during the transport to the point of death or irreparable harm. The plan holder understands and assumes this risk, and therefore agrees that Travel MedEvac, plan underwriter Nationwide Insurance and our Primary Medical Evacuation Provider or other outside contractors, including their shareholders, officers, managers, employees, agents, affiliates, distributors, predecessors, successors, and assigns, shall not be responsible to any person, including but not limited to the plan holder or the plan holder's estate, survivors, agents, assigns, or representatives, for the plan holder's death or deterioration of the plan holder's condition.

Travel MedEvac and its underwriters, managers, employees, agents, affiliates, successors, and assigns shall not be liable for any harm or damages relating to or resulting from services provided by our Primary Medical Evacuation Provider or other outside contractors. Neither Travel MedEvac nor its underwriters, managers, employees, agents, affiliates, distributors, successors, or assigns shall be liable to any person for the death, disability, or injury of the plan holder or any other person accompanying the plan holder unless the injury is determined by a court to be solely caused by the gross negligence or willful misconduct of Travel MedEvac. We shall not be liable for delay or failure to perform under the plan if such delay or failure is caused by the unavailability of a ground ambulance or aircraft, mechanical failure, acts of god, fire, flood, strike, labor dispute, riot, insurrection, war, or any other cause beyond the control of Travel MedEvac or our Primary Medical Evacuation Provider, the Primary Medical Evacuation Provider's extensive network of highly accredited worldwide medical evacuation providers, or other outside contractors.
