

AIR AMBULANCE

Global Guardian Air Ambulance is a membership program that provides no-cost air medical transportation services anywhere in the world. Members are covered for medical evacuation and repatriation, bedside to bedside, from an initial treating facility to the hospital of choice.

ANYWHERE, ANYTIME – EASY TO USE

With Global Guardian’s Air Ambulance membership, the risks associated with illnesses and injuries experienced while traveling are mitigated.

If you or a member employee are hospitalized more than 150 miles from home and need to be transferred to another hospital as an inpatient, we arrange for air medical and ground transportation to take you to the hospital of your choosing. Unlike traditional travel insurance, you choose where you’d like to be treated or recover, and our team will get you there.

WHY AIR AMBULANCE

An Air Ambulance membership provides fulsome medical and financial protection for global travelers.

Global Guardian’s Air Ambulance membership helps manage medical and financial risks that may threaten travelers. With no “pre-existing condition” limitations and a global network of aircraft, this program covers members who are traveling more than 150 miles from their home. Members receive ongoing medical monitoring and consultation during medical emergencies – a premium service not comparable to traditional travel insurance.

Affordable travel protection for your family

STARTING AT \$385

Corporate

Medical and financial protection for your company.

CUSTOM TO GROUP SIZE

CORPORATE ADVANTAGES
Financial Protection

Medical transports cost tens of thousands of dollars. Once covered, you or your company never pay more than your annual membership fee, and there is no maximum dollar limit.

Peace Of Mind

If your employees find themselves in a foreign hospital, a third world medical facility, or only a few states away, we will fly them home to be treated by the doctor of their choice.

Real Coverage

Many health insurance policies and competitor programs will fly you to the “nearest appropriate facility” and only if they deem it a “medical necessity”.

Protect Your Employees

The Caribbean might not sound like a bad place to recover from a heart attack, but imagine the headache to your employees if they were unable to return home for recovery.

OUR SERVICES TO YOU
Transport Services While Traveling

If a Member is hospitalized as an inpatient due to an illness or injury while traveling more than 150 miles from their home, whether domestically or internationally, Global Guardian Air Ambulance will arrange and pay for air medical transportation, medical evacuation, and repatriation services to the hospital of the Member’s choice.

Transport Services to Specialty Hospitals

If a Member is hospitalized as an inpatient and require admission to a specialty hospital located more than 150 miles away, Global Guardian Air Ambulance will arrange and pay for air medical transportation to the specialty hospital.

Transport of Mortal Remains

If a Member dies while traveling more than 150 miles from their home, Company will arrange and pay for all necessary government authorization, provide a container appropriate for airline transport, and return the remains to a funeral home of choice in their home country.

Medical Monitoring and Consultation

When Global Guardian Air Ambulance is notified that a Member has been hospitalized while traveling, its Medical Director will communicate with the attending physician and will continue to monitor the Member’s condition. If requested, Global Guardian will communicate with the Member’s family or other designee during transport.

SIGHTSEEING IN BALI

“Immediately I thought, ‘This is what this membership is for.’ Not only did Air Ambulance get me where I needed to be, but having this membership saved me over \$125,000.”

Membership in Action

After suffering a compound leg fracture stepping off a sea plane in Bali, the member requested a flight home to undergo surgery at the hospital of her choice. While many air evacuation plans would have transported her to the “nearest appropriate facility,” Global Guardian Air Ambulance transported the member to the Mayo Clinic in Rochester, Minnesota, a 26 hour trip from Bali.

BUSINESS TRIP IN SPAIN

“My family called the 24/7 Operations Center to request support. The Air Ambulance team told us, ‘This is why you have the membership’ and our aircraft was wheels up the next day.

Membership in Action

The corporate member was treated for a potential stroke in a hospital in Spain, but was concerned about the quality of care and a significant language barrier. Global Guardian Air Ambulance dispatched an aircraft and a medical crew that flew the family back home to Colorado, where the member recovered with his family.

▶ **Total Estimated Cost: \$90,000** ▶ **Member Out of Pocket: \$0**
